VOL. XXXIV (24)

HIGH POINT, N. C. SATURDAY, OCTOBER 14, 1950

NUMBER 1

## Ruth Brown Crowned Homecoming Queen

### "Rat Week"

#### Begins Monday

Beginning Monday, October 16, October 20, all freshmen—both girls and boys are cordially compelled to participate in Rat Week which is being sponsored by the students of the Sophomore class at High Point College. This unique social event will culminate with a dance which the Sophomore class is giving in honor of the Freshman class in Harrison Gymnasium at a date to be announced later. As a special treat for the freshmen, the sophomores have very graciously consented to prepare a list for the convenience of the freshmen, stating all the latest Rat Week fashions in dress and the most acceptable methods of behavior for all freshmen here on the campus at H. P. C. The Sophomore class feels that this list is so unusual and the fashions so startlingly lovely that no freshman would dare not abide by it. However this rare manner of dress will be only for the campus, and no freshman shall be seen off campus attired in this fashionable manner.

Monday: Girls: Wear clashing sweater and skirt

Wear all jewelry possible

Wear hair pulled straight back and tied with shoe string

Wear one tennis shoe with hose and a high heel with sock

Use an abundance of make-up

Wear gloves

Tuesday: Girls: Wear slacks or jeans rolled down.

Wear dress over slacks

Wear hair rolled up high

Wear high heels and socks

Carry large pocketbook

Wednesday: Girls: Wear dress backwards

Wear hair uncombed from the night before with no pins

Wear boys' shoes

Wear hose rolled down to calf of legs

Carry books in suitcase

Thursday: Girls: Wear skirt and sweater backwards and wrong side out

Wear different color socks and a different kind of shoe on each foot

Use make-up on half of face

(Continued on Page Four)

Pictured are the twelve lovely-voiced freshmen chosen to compete for the title of "Queen of Homecoming." Ruth Brown, center, was elected by popular vote. They are, left to right: Nancy Tysinger, Doris Autry, Ruth Brown (Queen), Bonnie Crawford, Ruth Cooke, back row, left to right: Ruby Workman, Betty Barber, Betty Miller, Freddie Davis, Mary Lou Dillon, Doris Nance, and Dixie Wilson

### Record Enrollment

With a total increase of 26 students over the enrollment of 750 of last year, the complete tabulation of students matriculated at H. P. C. this year has reached a record high. There are 776 students now enrolled at H. P. C. Among this number there are some interesting facts:

There are:  
272 freshmen—164 men and 108 women  
183 sophomores—132 men and 51 women  
153 juniors—115 men and 38 women  
157 seniors—112 men and 45 women  
12 specials—5 men and 7 women

Although the Methodists predominate with 408, there are 192 Baptists, 44 Presbyterians, 16 Catholics, 15 Quakers, 13 Episcopalians, 10 Lutherans, and eighteen other denominations with only a few represented.

### Rush Week

Dean J. Hobert Allred has recognized October 23rd as the tentative date for "Rush Week," during which the campus sororities and fraternities will rush their pledges.

### Adoption of Alma

#### Mater Proposed

The Alma Mater appearing before was received with enthusiasm by the student body and faculty when presented in assembly Wednesday, October 4, by the band and choir under the direction of Dr. Joseph Wilson and Mr. Wesley Collins.

The words were written by Dr. Lincoln Lorenz, Head of the English Department. The music was composed by Mr. Albert J. Wood, Director of Music at High Point College last year. Dr. Wilson and Mr. Collins, with the assistance of members of the band, worked out the orchestrations.

It is hoped that the student body will be given the opportunity to formally adopt this song as the High Point College Alma Mater in the near future.

Alma Mater  
High Point College, Alma Mater,  
Love shall ever shrine your name,

Fervent like the trumpets challenge,  
Golden like the heart you claim.

Oak and elm, from sturdy saplings,  
Nursed by sun and soil and rain,

Tower as trees of might and beauty—  
So your halls our natures train.

Mind and body, heart and spirit,  
On your bounteous campus grows,

Budding, blossoming and maturing,  
Till with truth's white fire they glow.

May the light your wisdom kindles,  
All you gave us, let us give;

May we for both you and mankind,  
Bravely, nobly, Christ-like live.

High Point College, Alma Mater,  
All hail!

Alpha Theta Psi Meets

Members of the Alpha Psi Sorority were entertained at the home of Mary Ella Coffey Oct. 2, with a supper meeting.

### Dean Allred

#### Welcomes Students

College spirit is a term hard to define. All you have to do to understand it is to look about you. Once you find it, participate in and enjoy it. Saturday is homecoming and you will meet alumni who have known what it means to enjoy college life. Try to discover from them what it is. Make them feel that you too sense the romance of college life enjoyed by so many alumni.

I cannot let this opportunity go by without inviting you to talk with me about your problems. If the college is failing you, I want to know what it is. Perhaps I can at least make you understand. Remember, if you are unhappy, so am I.

—J. H. Allred

### The President's

#### Invitation

Greetings and best wishes to the graduates and former students of High Point College. I am very happy that your very able president of the Alumni Association has given me this opportunity to send you a few words. You will be interested to know that the enrollment (776) is larger than last year, that we could have enrolled probably a hundred more students if we had additional dormitory space and if the students could have met the College's admission requirements. All of our new additional dormitory rooms built during the summer are full to overflowing. The Board of Trustees, Faculty, Staff, and Students, all of us, extend to you a very warm invitation to return to your Alma Mater for Homecoming Day on Saturday, October 14. Everything possible is being done to make your visit both pleasant and enjoyable. Incidentally, your presence here on that occasion and at the

(Continued on Page Two)

### "Duke Cavaliers"

#### Play Homecoming Dance at HPC

Pretty, petite, blond, Ruth Brown was crowned Queen of Homecoming at H.P.C. Friday evening, October 13, during intermission of the traditional homecoming dance held in Harrison Gymnasium from 8 to 12. Bill Myers and his fourteen-piece orchestra, the "Duke Cavaliers," played to an appreciative audience made up of the student body, their dates, and the faculty members and their wives and husbands.

This afternoon at 2 o'clock the H.P.C. homecoming parade will begin at the First Presbyterian Church, proceed down Main Street, and terminate on Hamilton Street. Many attractive floats have been prepared for the competition by various organizations and the classes on campus.

Several local bands have been invited to participate in the parade along with H.P.C.'s own fine band and majorettes. The Homecoming Queen and her four attendants, Mary Lou Dillon, Doris Autry, Betty Ann Miller and Betty Barber, will be the center attraction in the grand march down Main Street.

Former Senator George Penry of Greensboro, Thomas Dames of High Point, and Nick Lawrence of Radio Station WHPE have consented to act as judges and will view the parade from Knox Bridge. The winning float will be given prizes.

Tonight's game with Lenoir-Rhyne will conclude homecoming week. All Freshmen boys are to wear jeans and join in a special feat designed by the upperclassmen at half-time: a pig game which will consist of catching a greased pig. A prize will be awarded to the Hercules who succeeds.

Ruth Brown and her attendants will be presented to the spectators at half-time also. Come on out to the game and join in the fun. Your team is counting on your support. **Beat Lenoir-Rhyne!** is the password.

### Goodson Speaks on

#### "Life's Handicaps"

"Poverty is not one of the handicaps in life," declared the Rev. Mr. Kenneth Goodson, pastor of the First Methodist Church, to the members and faculty October 4 assembled in Harrison Gymnasium. Mr. Goodson recalled a letter Paul wrote to his son in faith, Timothy, at college advising him to lay aside his handicaps. The physical handicaps are not real handicaps but only physical limitations.

The real handicaps in life, Mr. Goodson believes, are the sense of grievance, a critical attitude, and a lack of real love for life and one's fellowmen.

Mr. Goodson is a welcomed visitor on campus and the students look forward to his returning in the near future.

### SCHEDULE OF EVENTS

SATURDAY OCTOBER 14, 1950

- 9:30 a.m.—12:30 p.m.—Registration of Alumni and Former Students.
- Foyer of Roberts Hall
- 2:00 p.m.—Homecoming Parade—Main Street, High Point.
- 4:30 p.m.—Open house for Returning Alumni, Former Students, and Other Guests.
- President's Home, 821 West College Drive
- 6:00 p.m.—Barbecue Supper. Seniors and Board of Trustees invited.
- Boylein Terrace, College Campus.
- 6:45 p.m.—Brief Business Session
- Student Center
- 8:00 p.m.—Football Game, High Point College versus Lenoir-Rhyne. (The High Point College Band will play at half-time, and the Homecoming Queen will be presented.)
- Albion Mills Stadium.

## Editorial

Greetings and welcome to High Point College. It is the aim of your HI-PO staff to keep you up to date on the latest developments on campus and to furnish you with special items that you will want to file away for future reference when you are "Alumni". Several students have cheerfully given their time and efforts to the production of your newspaper. The faculty has shown interest and cooperation in bringing the best to you. All contributions in the form of news items or organization news will be welcomed. Your HI-PO is published by the students and for the students. BE A GOOD REPRESENTATIVE.

## Be a Good Representative

High Point College is growing bigger and better each day. Many changes have occurred this summer. New members have been added to the faculty and offices have been provided for each department. These are the obvious changes, but there are other changes also. There is a greater unity of feeling and a more definite purpose existent in the student body than in past years. This is due not only to the efficient administration but to the increased interest of the people of High Point and the surrounding towns. The alumni have a permanent secretary on campus whose job it is to keep them in contact with the progress of their Alma Mater. Many former students will be visiting campus today. They are successful men and women whose education at H.P.C. included fellowship as well as scholarship. You have the opportunity and choice to join their ranks in the near future. Be a good representative of your college; your college will be a good representative for you.

## Who Stole the Pep?

"We'll win. It's Due!" served as the call to school spirit last year when presented by Dr. Cooke. Did somebody steal that spirit or did it become lazy during the hot summer months at home? We have a fine team this year in football. Can the team say of you that you are fine supporters? Would you risk your skin or slave on the drill field for a student body that could not yell at a football game? We have a good band and pretty majorettes. We have some excellent cheerleaders. We have the biggest student body in the history of H.P.C. Aren't these facts worth yelling about? Maybe you stole the pep. Please return it; we need it.

## Alma Mater, All Hail

In the years to come someone is going to ask you to sing your school's Alma Mater. What will you sing? A former member of our faculty, Mr. A. J. Wood, recognized the need for a school song last year and wrote the music. Dr. Lincoln Lorenz wrote the words and the music department took over from there. You've heard it and sung it. Why not officially adopt it as your Alma Mater?

## Touch of Midas

Of how each thing King Midas touched  
I laughed and called fantastic  
The myth that we were told,  
At once had turned to gold.  
I told the children that such tales  
Were only told to please,  
That nothing ever changed its form  
With such a magic ease.  
But in the morning when I woke  
And saw the Autumn sun  
Come shining through my maple tree,  
My logic was undone  
For in the night some Midas,  
As in the myth of old,  
Had laid his hands upon my tree,  
And it was gleaming gold!

## Dean's List Will Replace Honor Roll

The honor roll has been replaced by the Dean's List at High Point College and new requirements have been announced for inclusion in this list. The student must have an average of B on all subjects with no grade below a C on any subject. Besides the academic requirement, the student's conduct must meet the requirements and approval of the Dean of Students and the Executive Committee.

Operating on the theory that the basic and necessary unit of academic work is the attendance of classes, new attendance regulations have been issued. Three absences from a three-hour course or four absences from a four-hour course will incur no penalty, but each additional absence will reduce the final grade in the course by one letter. Eight cuts will debar the student from class and deny credit in the course. Excuses for absences must be presented in writing to the Dean of Students upon return to class.

## Cheerleaders Elected

The student body of High Point College assembled in Harrison Gymnasium on September 15, to elect the cheerleaders for the coming year. The candidates presented several of the college cheers and they were elected on by the students. Seven cheerleaders were elected and three alternates. The alternates have now become regular cheerleaders also. Those cheerleaders who were elected for this year are: Charles Casey, head cheerleader; Lonnie Bledsoe, June Jowly, Betty Mellard, Kat Hunter, Joyce Billings, Joy Inman, Kenneth Owens, Billie Stroud, and Bonnie Crawford.

### PRESIDENT'S INVITATION

(Continued from Page One)  
Homecoming football game will help our boys win over Lenore Rhyne College. Whether or not you are interested in football, we want you back.

Mrs. Cooke and I are having open house in our home for the Alumni and former students on Saturday from 4:30 to 5:30 p.m. Expect to see you there.

For a greater High Point College, I am

Yours very sincerely  
Dennis H. Cooke, President.

ELSIE, THE BORDEN COW, SAYS:

WHAT A BIG  
TREAT FOR ALL  
THE FAMILY

H. P. C. had little competition with Uncle Sam, and wedding bells, but most of us managed to make it back to the campus, and we are hoping that this will be the very best of our college years. As always, campus romances are appearing early, and frequent this year. Have you made the spotlight yet? Here's who has!

"Ace" Cartwright can be seen most anytime with that blond freshman from Whiteville, and when he isn't with her, he is looking for her. Snowing—so early in the season too!

Conrad West, who hails from Winston-Salem, seems to always have a feeling that he was being followed, so one day he turned around and there she was—that cute little Pearl Denton from Fayetteville. Well, this following business went on for a few days, when finally Con and Pearl decided to give up and become another H.P.C. twosome.

Jack "Red" Stanback, a Salisbury boy, can't decide whether to give all of the women a thrill or stick to being the athletic type. He did have his eyes on a freshman, but because of the glassy-stares that she gave him, no further advancements were made. By the way, there is a sophomore who thinks Red is a mighty cute.

I know that all of you have met "Joe College," because he is the typical H.P.C. boy. His real name is "Chubbly" Liverman, and when I asked him where he was from, he mumbled something. After he had repeated himself about five times, I hated to admit that I still didn't know what he said, but anyway "Joe College," were glad you and all of the other new students are here. May this be a fine year for

you all.

Lander Beal, just for the record, is using a new approach with the girls. Last Saturday he took Carlotta Autry and Margaret Sutherland fishing. Carlotta and Margaret caught a few fish, but Lander wasn't so lucky, but it was a nice try anyway, Lander.

"Footsie" Owen just didn't make the HI-PO much last year, but he is off to a good start this year, as he has been seen at the Plantation Club and in the bookstore a lot lately with Marie, from Greensboro. Just in case anyone is interested, "Footsie" would like all of his friends and relations to know that he has a birthday real soon. Please observe the fact!

Duncan Redditt is as tall as ever, and from what we hear he has a certain Joyce from East Bend hypnotized. Wonder if Duncan knows about that yet?

Lili Gilbert had quite a weekend at the Guilford (Pardon the expression) dance last week-end, and also at the Plantation Club Sunday night, but there seems to be a transfer to H.P.C. who would like to give that Guilford Gentleman a little—or a lot—of competition. Recon he will succeed?

Jimmy Johnson is missing Edna Clark. Saw Jimmy up town the other night, and he is still being true to Edna, who is in Portsmouth now. Couldn't blame you a bit, Jimmy. P. S.

We miss her. Speaking of missing people, Shelly Hunsucker is in Okinawa, Booger Heath is in Korea, and Jimmy Rusher is at Great Lakes, Ill. Everyone misses them—specially me—specially one!

These findings suggest that the effects of the intervention on the health status of the study population may be related to the changes in the prevalence of the risk factors. The results of the present study are in line with the findings of other studies that have shown that the prevalence of risk factors for cardiovascular disease is higher in the elderly population [10, 11]. The results of the present study also suggest that the prevalence of risk factors for cardiovascular disease is higher in the elderly population who are not receiving any treatment [12]. The results of the present study also suggest that the prevalence of risk factors for cardiovascular disease is higher in the elderly population who are not receiving any treatment [13].

# Panthers Play Host to Lenoir-Rhyne Eleven Today

## WHAT'S NEW IN SPORTS....?

By JIM HARDIE

For the past few years the High Point Panthers have been known as a "breather" by conference teams, but this year the story is different. Coach C. Q. Smith has a team that spells trouble for any team in the North State Conference. Coach Bob Davis has had a great job with the High Point forward-wall.

After losing the season's opener to W.C.T.C. 20-6, High Point redeemed themselves in a thrilling victory over Newberry College. The Panthers had no less than a T-party as they scalped the Newberry Indians 14-12.

Guilford downed High Point 26-16 in a one-sided Conference game played in Albion Mills Stadium. Ab Alexander was a stand-out with his line play for the Quakers. The Panthers staged a late period scoring rally to close the game made by Guilford, but time ran out on the High Pointers.

Last week it looked as if an upset was in the making as High Point jumped to an early lead over Catawba College, but the Indians made good in the second half to produce a 27-6 final score.

Early in the first period Halfback Don Brown stepped off 52 yards before being brought down just short of the goal to set up the Panther score. Allen Smith took the ball on Catawba's three yard line and crashed through the line for a touchdown.

Roy Pickens put the Indians back in the game with a sprint around left end that went for eighty yards and pay dirt. Neither team could muster another score and the half ended at six all.

Early in the third period Pickens plunged over from the one yard line to put Catawba ahead for the first time in the game. Joe Papp, Catawba Halfback, added six points to the Tribe's score as he pulled in a ten-yard pass from Pickens.

Harold Carter, former Lexington High star, went 15 yards on a pass from Papp in the fourth period to give Catawba their fourth and final tally of the night. The game ended with the Indians on the six-yard line of the Panthers.

The Indians' victory over High Point put Catawba in first place in the North State Conference. This week the Indians move to Winston-Salem to play the Appalachian Mountaineers in a contest that will have an important bearing on the loop tie.

East Carolina was knocked off the top of the conference heap by Elon last Saturday by a score of 21-16. Elsewhere in the conference, Appalachian defeated Lenoir Rhyne 20-18 in a thrilling contest. Atlantic Christian took the short end of a 20-7 score in a game with Guilford.

## Intramurals

The Intramural tag football program is off to a red hot start with several hard fought battles. In the Fraternity League N.D.M. has proved itself offensively and defensively by scoring 53 points and holding the offense to 7 points in two games. Their two victories are enough to take over first place in the league.

Fraternity League Standings				
Thru Oct. 7				
Team	Won	Lost	Pct.	
N.D.M.	2	0	1.000	
D.B.A.	1	0	1.000

## COMPLIMENTS OF

W. F. MAULDIN, Inc.

819 N. Main St.

High Point, N. C.

The Mountain Bears of Lenoir Rhyne College will invade Albion Mills Stadium for a North State Conference game with the Panthers Saturday night. The Bears, fresh from a painful defeat at the hands of the Appalachian Mountaineers, will bring a powerful array of talent for the tilt.

The Bears are paced by Frank Little, all-conference end, and Fullback Billy Meggison. Head Coach Clarence Stasovich has a dangerous air attack that is operated from the fast moving single-wing formation.

The starting line for the Bears will average in the neighborhood of 200 pounds, but the backs are small, giving speed among the ball carriers.

Captain Claude White, 250 pounds and a senior from Glen Alpine, gives power and size to the left tackle position. The pivot spot will be occupied by James Garrett, a 205 pounder from Burnham, Pa.

Head Coach C. Q. Smith and assistant Bob Davis have done a fine job thus far with the Panthers. The spirit on the High Point squad is fine and the boys are in good shape and from all indications the Panthers will give the Bears a game to remember.

Russell Jones, a freshman from Winston-Salem, has played a lot of ball for the Panthers in the past few games. Bill Loyd has looked very good in the full back slot of Coach Smith's T-formation.

The coaches and all the men on the High Point College squad have worked long and hard to produce a winning team, and I think they have all done a great job, so let's all be out for the game and give the boys the support they deserve.

## Presenting Miss Philbeck

"I am so stiff I can hardly climb these three flights of stairs," we heard a poor freshman girl mean. We asked what it was all about. Someone said something about Miss Ellen Philbeck. We found her and would like for you also to know her. She is the girls' physical education teacher. Students, Miss Philbeck!

Miss Philbeck sports from Shelby, North Carolina. She has the B.S. and M.A. Degrees, receiving her B.S. degree from Appalachian State Teachers College and her M. A. degree from the University of North Carolina. Miss Philbeck adds to her credit of teaching, two years at Lexington High School and two years at Mississippi Southern College at Hattiesburg Mississippi.

Look out, Lenoir-Rhyne! Bill Loyd, three-time All-Conference fullback and co-captain of the Panther eleven, will give the Bears plenty of trouble tonight!

We inquired of Miss Philbeck what she had planned for the girls' physical education course. With her brown eyes sparkling and an energetic look on her face she replied, "We hope to have a bang up good girls intra-mural program! If it is possible we hope to play teams from other schools in our intra-mural games."

—By Joan Wood

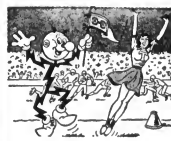

## Meet Coach Davis

Have you noticed the handsome "guy" running around the campus? That's a silly question, how could you miss seeing him? He is really "around here". He is Robert (Bob) McWue Davis, the new assistant coach. Mr. Davis has been from Huntington, West Virginia. He attended the public school there and was graduated from Vinson High School in 1945, after having served one and one-half years in the Navy Air Corps as a machinist's mate.

Mr. Davis attended Georgetown College at Georgetown, Ky., where he graduated in 1949.

While in college he played varsity football for four years and was captain of the team the last year. He was also on the track and relay teams. He ran the one-eighth mile, one-half mile and mile. He was a member of Member Kappa Alpha fraternity and a physical education instructor for three years.

Mr. Davis said, "This seems to be a very friendly place and I have a fine bunch of boys to work with." When asked about the team's chances he said, "I will guarantee that the team will get better as the days go by."

## Fashions on Parade

This year, with the figure flattering fashions, we will be seeing more of you, including more leg span, for the narrow nine calls for shorter skirts. If you are fortunate enough to be able to wear the extreme version without a struggle, you are indeed lucky, but if you are fighting the battle of the bulge you can duck the issue with a wonderful tweed or velvet over-skirt, or soften the routine with a hem length sash. You can even include in your wardrobe a full skirt if you please, though you may have more trouble finding a full skirt to suit you, than you would finding a straight skirt.

If bright colors are your weakness, now your wildest experiments have become established fashion. Crimson with mauve, purple with a touch of green, and orange with navy are all good bets this fall in the fashion world. Of course, that all time favorite, black, or the black and white contrast, is still the height of fashion. This fall is the time for assembling this with that, and contrasting the most daring colors any hour of the day or night. You owe it to yourself and to everyone you meet to look your best. After all, you never know when the "Bill" of your life will come your way.

—By Lib Gilbert

## C. S. C. Revised

The Christian Student Council, which has for a number of years been the guiding body for religious activities on the campus here at H.P.C., has been revised and is now the Student Christian Association Council. The purpose of this council as stated in the constitution is to unify and to direct the various organizations on the campus, and to stimulate religious life so as to portray the Christian attitude among the students.

Every student at H.P.C. who is interested in belonging to this organization is invited to do so. The students are entitled to participate in all activities sponsored by this council. Included in the council's program for this year are a vesper program every Sunday evening at 6:30 in the auditorium of Roberts Hall and a brief devotion every Monday morning at 10:20 in Lindley Chapel.

Later on in the year the Student Christian Association plans to sponsor a Religious Emphasis Week. They plan also to present a seminar on Courtship and Marriage at some future date.

The Student Christian Association Council is made up of officers elected by the C. S. C., and representatives from each religious organization as well as the Student Government Council. Those officers elected for this coming school year are:

Janie Bartlett—President  
Harold Waters—Vice-Pres.  
Iris Williams—Sec. and Treas.

## News from the Alumni

—By Lib Gilbert

Addison Roby Barker, J.E., class of 1949, has accepted a position as an instructor in the Dept. of English with Marshall College, Huntington, W. Va., for the current academic year.

Mr. Barker completed requirements for the degree of Master of Arts in the Department of English of the University of North Carolina. His thesis, FOLKLORE IN BLUMS' ALMANAC, 1841-1950, was a notable contribution to North Carolina folklore.

During a recent visit to the campus, Mr. Barker donated nine books to our library.

Sergeant Joseph C. Redding, son of Mr. J. H. Redding of 2330 S. Main, High Point, was promoted to the rank of Sergeant according to a statement released by Tydall Air Force Base.

Sgt. Redding, attended High Point College, enlisting in the Air Force March 1944, at Fort Bragg.

"Congratulations Alumni! May our names glorify our Alma Mater as yours have done."

## "RAT WEEK"

(Continued from Page One)

and hair in pig tails

Wear chorex for perfume

Friday: Girls: Wear lamp shade for hat

Wear cold cream with no lip stick, but do wear eye shadow

Curry books in pillow case

Wear picture of yourself hanging around your neck

Monday: Boys: Wear suits inside out with ties and shirts on backwards

Tuesday: Boys: Wear make-up including lipstick, face powder

Carry books with rope

Wednesday: Boys: Wear pants and shirt backwards

Carry books in suitcase

Thursday: Boys: Wear T-shirt with a tie on the front and one on the back

Wear coat and one bed-room slipper

Friday: Boys: Carry a baby's rattle

Carry books in a pillow case

Have a picture of yourself hanging around your neck

Required of all Freshmen, boys and girls.

1. All Freshmen shall walk single file during Rat Week.

2. All Freshmen shall rise to their feet when any upper-classman sits at their table in the dining hall.

3. All Freshmen shall remain in their class room seats until all upperclassmen have left the room, then they may leave single file.

## Students Are Welcomed by High Point Leaders

Students at High Point College were officially welcomed by the mayor of High Point, Mr. W. F. Bailey, president of the Merchants Association, Mr. Hyman, and the president of the Ministerial Association, the Rev. Mr. Hale, on behalf of the people and churches of High Point at the first all-student assembly September 20.

High Point is proud and honored to have new students and to have the new students group will contribute much to the better life of this nation. We want all students to feel that they are citizens of High Point, stated Mayor Bailey. The Rev. Mr. Hale and Mr. Hyman echoed these greetings and extended an invitation to all students to use and enjoy the churches and facilities in High Point during their stay here.

Mr. Ed Auman, president of the Student Government, greeted the student body for the first time since his election to office last Spring. Mr. Auman expressed his desire for all new students to feel that they are part of High Point College and to feel free to make any suggestions that would aid the Student Government in their work to make the college a better place in which to live and work together in the coming years.

## With the Girls

The Woman's Athletic Association aims at a "bigger and better" program this year than ever before. Under the new presidency of Laura Mae De Haven and director of Miss Ellen Philbeck, we feel that we will be able to accomplish this.

The officers for this year have been elected as follows: Pres. Laura Mae De Haven; Vice-Pres. Patricia McCulloch; Sec. Roba Wright; Treas. Mary Lee Richardson; Publicity Manager, Ann Hendrix.

The "Honor Team" is playing speedball, basketball, volleyball, and softball this year and expect to try their skills on other colleges. The club plans to take over the girls intramural program.

Since this is the only girls' sports club on campus, we hope that all the members will take sincere interest in its development.

## SOCIETY HIGHLIGHTS

By LIB GILBERT

One of the most outstanding social events of the early college year, highlighting the activities of H.P.C., took place September the 14th at 8:00 p.m., when the faculty entertained the student body with a lovely reception in the student center.

Members of the faculty composing the receiving line were: Dr. Cooke, president of our college, and Mrs. Cooke; Dr. and Mrs. Coltrane, Mr. and Mrs. Ridenhour, Dr. and Mrs. Hinshaw, Mr. and Mrs. Yarborough, and Dr. and Mrs. Allred. The entire faculty, their wives, and the staff were present in the receiving line. Approximately

three hundred guests called during the evening.

Lovely console arrangements of flowers, furnished by Mrs. Lindley, were displayed on the mantel, and serving table, which was covered with an Irish table cloth.

Miss Alva Johnson, assisted in the serving by the girls in the Home Ec. Department, served a delicious ice course.

According to Mrs. Betty Perry, head of the social committee, the reception was very successful, and was one to be remembered by both the faculty and the student body.

## Drama Class To Present Minstrellette

By popular request from the students here at High Point College, the Dramatic Class under the direction of Miss Emma Frances Baber will give a repeat performance of the minstrellette which was received so enthusiastically by its audience last year. This minstrellette is not to be confused with a minstrel, for even though the cast will for the most part be black faces, the music performed will be of a semi-classical or classical nature. Exceedingly talented actors, actresses, and musicians are expected to perform in the minstrellette this year.

The Drama Class is also planning for this year two plays, a one-act play and a three-act play. The exact plays which are given have not been definitely decided upon as yet, but several plays by King, Barlett, and Shaw are being considered.

The Speech classes this year are also planning a varied program. They plan to enter the debating contest, The Dixie Champion Forensic Tournament, which is held in Char-

lotte November 30 through December 2. The Speech classes will also enter the Grand National Forensic Tournament which is held in Fredericksburg, Va. March 21 through 25.

Miss Baber requests that all students interested in debating, speaking, and drama contact her at her office, the News Bureau, which is found next to the information office on the first floor of the Administration Building. Students are also asked to bring in to Miss Baber any information which they may have that would be of interest to their town newspaper in order that we place High Point College on the map.

The DAE Fraternity entertained its members and their dates with a dance and weiner roast Sept. 30 at Judson Ruth's cabin.

Dancing varied from the currently popular shag and jitterbugging to old time square dancing.

## Civilian Defense Among New Courses To Be Offered Second Semester

"Civilian Defense Against Atomic Bombs," a new course in civilian defense, will be offered in the second semester by Professor J. H. Mourane.

"This course," stated Professor Mourane, "is offered in order that the civilians may know what to do to survive an atomic bomb attack."

The course is open to all students, men and women, and it requires no previous knowledge of any science. It is a layman's course and will be taught from the viewpoint of instructing as many people as possible concerning the dangers of atomic bombs and what the average person can do in civilian defense to counteract the effects of the A-bomb.

The course will begin with the structure of the atom, and then will proceed to the subjects of radioactive atomic disintegration; the atomic bomb; the characterization of the atomic blast; the dangers of atomic radiation; the possibilities of survival; decontamination of atomic radiation; the cardinal points for what to do in case of an atomic explosion.

The course is listed as physics 8. It will meet three times per week, and will carry three hours credit as an elective.

"Anyone interested may take this course provided he registers with the college," stated Professor Mourane.

Botany, Biology 15, will also be given as an additional course in the Science Department in the second semester. This course will be taught by Mr. Nicholas Antonakas, a graduate of the University of North Carolina. It will deal chiefly with the reproduction of the lower fungi, algae, mosses, and ferns. Great stress will also be placed on the classification and seed development of the evergreens and other seed plants.

This course is required for those who plan to major in Biology.

England and America further cemented relations with the recent marriage of Miss Pamela Edna Cox and Mr. Walter Stocker, Jr. The couple is shown leaving St. Mary's Episcopal Church following their marriage Saturday, Jan. 6. Miss Cox is a native of England and daughter of Mr. and Mrs. C. C. Cox of South Rhodesia, Africa. Mr. Stocker is the son of Mr. and Mrs. W. R. Stocker of Miami, Fla., and is an instructor in Business Administration at H. P. C.

## Band-Choir Concert Brings Unanimous Approval From Students and Surrounding Area

The Band-Choir concert presented under the direction of Mr. William W. Collins and Dr. Joseph Wilson prior to the Christmas holidays has brought notice and approval to the Music Department and to H. P. C.

Tuesday afternoon, January 9, the band was featured on the first of a series of programs to be given each week from 2:30 to 2:45 over Radio Station WHPE. These programs are under the direction of Miss Emma Frances Baber and will attempt to better acquaint High Point and the surrounding area with H. P. C. and its aims in educational and cultural development.

Pictured is the band led by Clarence Maxwell, Drum Major, and the five majorettes elected by the student body to represent H. P. C. on the football field and in parades. Dr. Wilson is shown at the left. The band has been greatly enlarged this year through the efforts of Dr. P. E. Lindley. Dr. Wilson has done an admirable job as director as evidenced by the enthusiasm and appreciation displayed at the appearance of the band at student assembly and basketball games.

The choir (picture next issue) has also brought honor to the Music Department this year. The concert featured soloists who are receiving excellent training under Mr. Wilson.

## News Bureau Offers Valuable Service

In referring to the work of the News Bureau of H. P. C., Miss Baber, head of the department, states, "I wish to express my appreciation for the cooperation of the students and faculty in bringing news items and I urge them to continue to do so." Miss Baber requests that students knock on her door when they find it closed, and in the event that they receive no response to slip news items under the door.

The News Bureau has many services available to students, including pictures of various activities on the campus and of campus surroundings. It offers service for individual photographs, information concerning college students and faculty, and opportunities for valuable publicity which will be of help to students in obtaining desirable positions.

In asking for the continued cooperation of students, Miss Baber says, "Let's put our best foot forward and tell the world the good work H. P. C. is doing!"

## Enlistments Number over 40 H. P. C. Men

Over forty men have enlisted in the armed forces and have gone for training from H. P. C. Of this number the Air Corps received the majority of enlistments, but recent regulations have temporarily frozen Air Corps recruiting.

It was announced this week, following a meeting of the Executive Committee, that those men called prior to the end of the semester may see Dr. Hinshaw and make arrangements to take their exams early in order not to lose credit for the semester's work. All departments and instructors are cooperating to see that the men who must leave receive every opportunity to conclude their work as soon as possible.

The policy concerning future calls to active duty has not yet been announced, but it is expected that some plans will be formulated that will benefit the student who has completed the major portion of a semester and is called prior to its completion.

## Our Poets Speak

### GROWING UP

Our twelve-year-old is out of the snow.

There's been a change somehow. She's put away her dolls and toys.

And reads the fashion now.

She says, "Long hair is out of style."

I'll have mine cut a bit.

And then I think I'll take a course.

In how to baby it.

She stands before the looking glass.

And turns in each direction.

And then she says, "Now just what type.

Would you call my complexion?"

The twelve-year-old is growing up.

The signs are plain to see.

Today she said, "Oh Mom, I say."

A hat just made for me!"

### "THE VILLAGE"

"Nor will I mean molest."

When my beehive howls were in request.

Immune to robbery because his hut.

Was furnished by his poet's simple taste.

Devoid of luxuries, stern, rustic, chaste.

Thoreau at Walden had no doors to shut.

Against the stranger. All came and went.

While he was absent, made his home their inn.

And felt its austere charm. It checked the sin.

Of evil paid for good, thieves' common bent.

They stole no thing, save for one prelate book.

Pope's *Homer* in a binding rich and rare.

As though they felt discord in fed wealth there.

It seems that even wars might be forsook.

If nature's tempering so served the State.

And marked the spirit of peace inviolate.

—Lincoln Lorenz

## "IT AIN'T NECESSARILY SO"

By JEAN KERR

A New Year is just being out, and New Year's resolutions have been made and broken by many. Everyone is eagerly awaiting exam, but even those who students can hardly wait to begin again, a few people probably are for other interests. Lay aside that book for a little while and read about what's happening in the "non-fun" side of the town of H. P. C.

So many of our boys are having to serve with the armed forces that we could no imagine them all, but to each boy leaving we'd like to say, "Good-bye, my son, go. We who remain at H. P. C. will miss you."

Betty Edwards can't look after the holidays wearing a beautiful dress from a certain store at Carolina. Joyce Mills also received a package from her boyfriend Paul Denton is wearing a Hargray. William who told me, Frank, Early and Doris Farrar also have engaged.

Lili Gilbert dated Johnny Ford last weekend, and this couple has been seen recently at the H. P. C. Johnny is a Marine vet and a day student.

One of the new ones, one of a kind, is Betty Breicher and Bruce Hamilton. Bruce is having soon for the Air Corps and will be missed by all.

"Snake-Eyes" Joyce really has a loyal fan. There's a little boy who attends every game and root for "Snake" all through the game. And by the way, if you've noticed "Snake" wearing a new tie and he's just ask him where he got them. From another loyal fan, I bet!

Bob Davidson, better known as "Sparkle," wants someone to explain to him how a dead horse can be led back to a "Rebel" army camp. No doubt you saw the recent picture, "Rocky Mountain." If you did maybe you can be of help since this took place in said picture. Reckon this will make "The Beacon" satisfied, B. D.

Majorie Brown dated Clarence Maxwell to the Catawba game and dated "Tanche" Sunday night. They were "night-climbing" at Jeff's after the show.

Jimmy Fisher had a cute Salem gal at the game Saturday night. Jimmy is leaving for the Air Force soon also. Becky Hoover, Frances Howell, and Bonnie Leonard all seem mighty happy when they get mail. Sentimental interests, no doubt.

Rudely Connor must have made a New Year's resolution to spend more time with Carotta. They're one of H. P. C.'s steadiest couples.

Although our basketball team was defeated over the holidays in Indiana, each boy and the coach deserves much credit. I think the team realizes that H. P. C. is behind them all the way.

Bob Hughes left H. P. C. for the Navy recently. Johnny Huffstetter is also leaving soon. It's too bad that the world situation is as it is, but anyway to all of you leaving we wish you the best of luck.

To start the New Year off right, it would be natural to do a little studying, and so that all of you can get back to your books (ahem) we'll end this column with the usual "I've Shug"—and an added Happy New Year!

## Purpose "Scholastic"

To stimulate the love of learning to be set upon thorough useful knowledge, to develop resourcefulness and intellectual integrity, and to cultivate the ability and the disposition for creative thinking in the American tradition of individual freedom.

So is set forth the scholastic purpose of High Point College, and the words are packed with meaning. The important thing is to be sure we understand the challenge and are moving forward with all our might to meet it.

To give one's best efforts to scholastic achievement is a mark of loyalty to one's college; to be dilatory and indifferent about such things is a form of selfishness. Especially is this true at High Point College where a reputation for "the love of learning" has yet to be established. Wisdom and the true love of wisdom increase with age, and we are a young institution; yet we cannot delay putting all emphasis possible upon such things as "intellectual integrity," "resourcefulness," and "the disposition for creative thinking." Without doubt, many of us will attain a certain amount of "useful knowledge" presented to us, we often think, with impressive "thoroughness," but the type of scholarship we are pledged to uphold goes far beyond the merely practical.

Above all, our thinking is privileged to be "in the American tradition of individual freedom." We must rely upon ourselves. No real scholar accepts without question all that is told him or all that he reads. With skepticism, he must often investigate, weigh and consider, and reach his own conclusions. And then the "American tradition" invites freedom of speech, so it be short of slander or obvious falsehood.

## Browsing Through The Bookshelves

### "CAMPUS CUES"

Would you like to start the New Year "in the know?" Then be the first in line at the Library for the new book, "Campus Cues," by Irene Pierson. From her ten years of close association with college students as social Director of the Illini Union at the University of Illinois, Mrs. Pierson has gained a wide understanding of campus social problems. She has collected over five hundred typical questions which have been repeatedly asked by students in informal meetings called Social Forums. Presented in entertaining and readable form, with humorous illustrations by Robert Vogele, this book recalls the original French meaning of "etiquette," a paper ticket required for entrance to court ceremonies. Today etiquette is the ticket to successful social contacts, all phases of which are discussed in "Campus Cues," from blind dates to engagements and weddings. Young men readers should not let the mention of weddings cause them to ban the book. In broaching the subject of engagement, Irene Pierson still gives them the complete initiative.

### "CHIMP ON MY SHOULDER"

When Bill Wesley volunteered to go to Africa to capture animals for the Leila Roosevelt Anthropoid Ape Research Foundation, he felt that by capturing animals which were vital in polo research he would be making a valuable contribution in the six months of life that had been allotted to him because of the condition of his heart.

The reader of Bill Wesley's "Chimp on My Shoulder" is likely to consider a chase into the Congo River by enraged baboons, a tryst in a dark cellar with a full grown wild leopard, and an unwitting acquisition of three native wives as rather drastic treatment for heart disease. Bill Wesley declares that it cured his.

Whether your ticker is all that it should be or not; if you like a comfortable evening at home with an entertaining, fast moving book—full of adventure, humor and jungle savagery, "Chimp on My Shoulder" is for you. However, if you could not visit Africa without trying to reform the natives you will be disappointed. Bill Wesley loved them as they were.

On a windy day in downtown Chicago recently, I saw a woman holding her hat with both hands while her skirt blew higher and higher about her knees. In response to the frankly curious glances of two men lounging at a corner, she just as frankly commented without loosening the double grip on her hat: "Gentlemen, what you are looking at is 40 years old. What I am hanging onto is brand new!"—True.

Six Yanks were crouched in a Korean rice paddy when an enemy shell landed nearby, spraying them with mud and rice.

"We're in a tight spot here!" growled one of the soldiers.

"Brother," said a young man who had twice been married and divorced, "you're always in a tight spot when they start showerin' you with rice!"

Absent-minded tooth to dentist: "Do you swear to pull the tooth, the whole tooth and nothing but the tooth?"

Jones: "I'll bet you think twice before leaving that wife of yours alone in the evenings."

Smith: "I'll say! First, I have to think up an excuse for going out, and then a reason why she can't go with me."

# PANTHERS LOSE CONRAD WEST TO AIR FORCE

## WHAT'S NEW IN SPORTS?

BY JIM HARDIE

During the Christmas holidays, I went to Terra Haute Ind. with the basketball squad for the Mid-Western Basketball Tournament.

We left Christmas morning and spent the day driving through the beautiful Great Smoky Mountains. The first leg of our journey took us to Lexington, Kentucky where we got a good night's sleep. The next morning we were up bright and early in preparation for the final stretch of our trip.

The morning was spent in easy progress past the vast farms in the blue grass section of Western Kentucky. Shortly before noon, we reached Louisville and crossed the Ohio River where Bill Waiz was waiting to join the team. Bill had been spending several days with his wife and baby just outside Louisville.

The second day ended with the three cars from North Carolina parked behind the Terre Haute House Hotel in the city where the tournament was taking place. During our first night we got a sample of cold nothern style. The temperature dropped to a cool eight below zero. Take it from me, High Point was never like that. At least not to my memory. I walked from the gym to the hotel, some two blocks, and I shook all night long.

Our team took a good workout shortly after we arrived Tuesday evening. We were fed a delicious supper and sent to bed.

Wednesday morning the team worked out at eleven o'clock in the gym where the game was to be played that night. Everyone worked hard that morning because everyone really wanted that game.

After the workout, we had lunch and went back to the hotel. The afternoon was spent just lying around. All the players were to stay off their feet, and they did.

Well, I won't go into the game part of the trip because anyone who was interested already knows the details of that.

We packed most of the equipment and our clothes that night after the game. The next morning we started the long trip home. We pulled out around seven o'clock Friday night. The speedometer showed that we had traveled a total of 1,128 miles. All in all it was an unforgettable experience in which we saw some of our great country and made many wonderful friends. That Friday night there were fifteen travel-weary bodies in High Point. But not for long because one tired body headed for old "Winnie" Salem. The North was nice but there's no place like home.

The Purple Panthers defeated the Guilford College Quakers 72-51, to make successful their debut in the '51 North State Conference title race.

A near capacity crowd saw High Point, led by Joyce and Waiz, jump to an early lead and remain ahead throughout the game.

The fast-breaking and hard-driving of the Panthers, kept the Quakers in the hole for the entire 40 minutes.

High Point's man-to-man defense put an anchor on the Guilford offense, nevertheless, Al Johns was high with 13 points for the losers.

Bob Draper, "Ace" Cartwright, and Bob Davidson worked well for the Panthers. Cartwright was handicapped by a foot injury sustained in the early minutes of the game.

"Snake-Eyes" paced the Panthers scoring with 21 points. "Goose" added 13 points to the High Point team. Two unsuccessful trips to Indiana accounted for four blemishes on the Panther win, loss record.

Special recognition is in store for Jesse Joyce and Bob "Bullet" Davidson after their stellar performances the other night against Eastern Carolina. Bob added three successive set shots in the closing minutes of the game to give High Point a one point lead. With less than a minute to go, E. C. T. C. took the lead 58-57. "Snake-Eyes" Joyce made a field goal in the closing seconds to give the Panthers the long end of a 59-58 score.

## Threat of Draft Is Cause; His Loss Will Be Felt

Conrad West, who hails from Winston-Salem, left Thursday for his physical examination in preparation for entrance into the Air Force. West was examined in Charlotte and will be sent to San Antonio Texas for his basic training. West's announcement came as a surprise to the Panther cage squad and his absence will surely be felt by the team. West had figured high in the cage plans of Coach Smith. He played considerable ball this, his freshman year.

Last year at Hanes High in Winston-Salem, West scored 250 points in 25 games. His fine play earned him All-Conference and All-State honors his senior year. Conrad was a member of the 1950 Western squad in the annual High School All-Star game.

West entered High Point College last September with a music career in mind. He was elected to the office of Freshman President by the first year students. His office will be taken by the Vice-President.

## BASKETBALL SCHEDULE

Dec. 5—Erskin 39, H. P. 89  
Dec. 7—Washington & Lee 69, H. P. 82  
Dec. 9—Erskin 63, H. P. 80

Jan. 29—Guilford at High Point  
Jan. 31—A.C.C. at High Point  
Feb. 3—Catawba at Salisbury  
Feb. 6—A.C.C. at Wilson  
Feb. 8—Eaton at High Point  
Feb. 10—Appalachian at Boone  
Feb. 15—E.C.T.C. at High Point  
Feb. 17—Lenoir Rhyne at H. P.  
Feb. 22-24—Conference Tournament at Statesville

## Committee Plans Redecoration of Girls Day Room

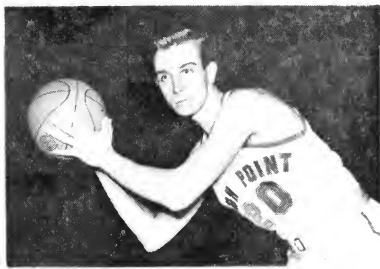

A committee, working under the direction of Dr. G. H. Hobart, is compiling lists of furniture and draperies needed to make the Day Student Room more comfortable and attractive.

The day student girls who use the room have been invited to make a list of those items which they think would add to their comfort and convenience and turn it in to a member of the committee. A color scheme is being worked out by the committee and suggestions will be compared, prices considered, and final arrangements made for the redecoration in the near future.

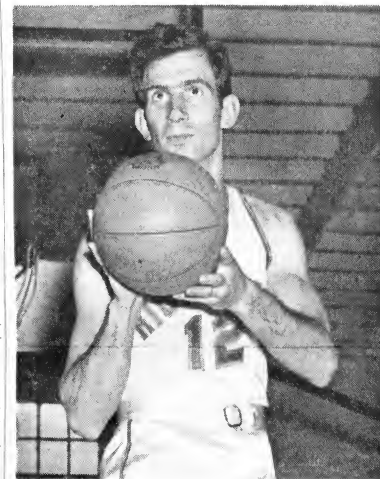

The committee is composed of Dr. G. H. Hobart, Miss E. Vera Idol, Jimmy Kent, Lucy Page, Mr. Dick Short, and Laura Mae DeHaven.

## BROWN SHOE SHOP

Quality Shoe Repairing  
208 E. Washington St.  
Phone 4313  
Nylon Hose and Socks

Air Force Bound—Conrad West joined the Air Force and will leave soon for San Antonio Texas for his basic training. Conrad was president of the Freshman Class and a promising basketball player on the Panther varsity.

You Can't Keep A Good "Goose" Down—Nevertheless Bill Waiz will have to play the part of a spectator till he recuperates from an injury suffered in the Eastern Carolina game Tuesday night.

The 59-58 victory over Eastern Carolina cost the Panthers the service of Bill "Goose" Waiz. Bill will be unable to take part in the next several games due to a painful injury sustained in the fast and furious game. The loss of "Goose" will throw a heavy burden on the last three of the original "Big Five" because Waiz's shoes will be hard to fill from the ranks of our reserves.

Bill was All-North State Conference 48-49 season. He was a Co-Captain last year on the Panther squad. In spite of his missing three games due to injuries, Waiz racked up a total of 375 points for the Panthers. This is the fourth and final year for Bill on the varsity squad. He is a veteran, married, and has one daughter.

## News From The Alumni

by LUB GILBERT

Bill Marley ('50), Bob White ('50), and Lloyd Pardue ('50), attended one of our basketball games recently. Bill is working in Rockingham at the office of the Carolina Light and Power Co. Bob is an insurance salesman for the Metropolitan Life Insurance Company and he too is in Rockingham. Lloyd is teaching school at his home in Yadkinville.

Mr. and Mrs. Neil Maddux are located in Raleigh, North Carolina. Neil graduated in 1950. He is working as Assistant Paymaster at the Seaboard Railway.

Mr. and Mrs. Fay Gilbert live in Greensboro and Fay is working as Assistant Athletic Director of the Cone Mills. He graduated in 1950.

Mr. and Mrs. Phil Lucas are also living in Greensboro and Phil is working for the Jefferson Standard Life Insurance Company. His wife is attending Woman's College.

Bob Marley ('50) is in Lemon Springs, N. C. teaching school.

Mr. and Mrs. Robert Ashmore ('48) are now living in Charlotte, N. C.

Clay (Corky) McBride is working as a radio announcer at WCCF in Rocky Mount, N. C.

Mr. and Mrs. Vernon Ennis ('5) are living in North Wilkesboro. Vernon (Red) is connected with a mirror company and his wife works in the office. Red is the distributor.

Many of our boys are being called into the service. Joe Hiatt left last week to join the Air Corps. That will make four out there that we know of. Donald Helms, Hampton Vestal and Fred Southard are there also.

Mrs. David McEwan (Alice Chandler, '11) is living in Waterbury, Conn. She has three children, two boys and one girl.

Leon Thompson ('36) and his wife (Christine Latham, '36) with their three sons live in Columbia, S. C. where Mr. Thompson is Postal Inspector.

(Continued in Next Column)

## Singing Of Hymns Starts New Year

Opening the first assembly hour of the new year, Dr. P. E. Lindley, Chairman of the Program Committee announced that the scheduled conference, Mr. William Irvine Payson, Magician and Hypnotist of Gastonia, had died suddenly in Salisbury at 3:00 a.m. that morning. Following this announcement, Dr. Lindley requested the students led by Mr. William Collins (Choir Director, to join in the singing of hymns appropriate to the beginning of a new year.

Dr. William R. Locke delivered a brief talk on "New Beginnings," pointing out that "the year is new only as we make it so, nothing in the season makes it new." Each day should be a new beginning. Quoting from the Apostle Paul's letter to Timothy to rid him of his handicaps, Dr. Locke expressed the opinion that "1951 looks like a handicap. However," he stated, "It is not the handicap but what we do about it that matters."

Dear Sir,

It has been some time since I have received the Alumni Newsletter, and I am kind of worried. In order to insure its arriving I enclose my new address at the end of this letter.

I left High Point College in May of 1912 after attending for two and one-half years. Even though I have studied at many other schools since then, I still consider it my "Alma Mater."

Presently I am doing graduate work in education at the University of George Washington in D. C. At the same time Leo Pappas, class of 1919, is attending its law school. Incidentally he was the best man at my wedding in March. Russ Lombardy was our photographer for the wedding pictures. Although it is only a hobby with him, many people have quietly suggested to Russ to give it up.

George Nostrand is not playing basketball this year in order to devote more time to his business. What's his business? I really don't know but I'd guess that with his 6 feet 8 inches height he'd be good at painting ceilings.

My brother Anthony is a foreman in a large dress factory in New York City. He attended High Point College in 1924-25, but he received a degree from L. I. U. in 1949.

Ed Fletcher is working for the Embassy Dairy here in D. C. but he doesn't squeeze the money out of the company every week. Incidentally, he or rather his wife, is expecting their third child.

Sincerely,  
Louis R. Soeder,  
Washington, D. C.

## Fashions On Parade

By LUB GILBERT

Welcome to 1951—a new year—and new fashions with the spotlight pointing to woollens.

Woollens will play an important role in everyone's wardrobe. They will be used for suits, coats, dresses — even hats, bags and shoes.

The newest woollen fabrics for '51 to be used for coats will consist of nubby tweeds, with a lot of white, hasket weaves, and shaggy fleeces—ideal for short coats.

Narrow pip stripes and the wide novelty stripe in combination with solids for suits will be at the top of the fashion popularity poll.

Neutral colors ranging from beige through the coppery tones; blues, newest in slate; reds, clear and bright; navy and gray, especially when used with white pink and mauve for accent will also be seen a great deal this year.

Woollens and '51 will be coherent in the new fashion parade.

## Opportunity To Select Air Force Course After Graduation

Major Leslie McLaurin, veteran B-29 combat pilot, has announced that Capt. F. R. Goldsberry, jet pilot with a long combat record in the Pacific, and his staff of examiners will be on hand to give tests and answer all questions concerning pilot and navigator training, Jan. 15, 16, 17, and 18th.

The selection team is especially equipped to give a complete vision and hearing examination and, along with the written test, can advise immediately whether the applicant is qualified.

Major McLaurin wishes to call attention to the fact that the applicant may select a class eight months ahead—to start after he has graduated from college.

With the recent Armed Forces Pay Bill, the cadet, while in training receives \$105 a month, plus all expenses; and the flying Lieutenant receives more than \$1700 single, and more than \$2500 a year, married.

The two types of training have a two year college requirement for eligibility. To be eligible for pilot training men must be single, between the ages of 19 and one-half and 26 and one-half, with high physical and moral qualifications. The same high qualifications are required of navigators and the opportunities are the same as for pilots. The navigator has less stringent vision requirements than the pilot.

Men who are in doubt about their draft status may sign up for either the pilot or navigator training program. In the event that circumstances should change, making it possible for them to go to college next year, they can withdraw their application.

Major McLaurin stresses the very important point that anyone trying for one of these careers, who is found unsuitable for the training and eliminated, does not have to remain in the service. He may revert to civilian status.

The examining staff will be in the "Hi-Po" office on the top floor of the Library Building on the stated days for the convenience of all young men who are interested in careers in the United States Air Force.

## Dr. Cooke Attends Church and College Meetings

Dr. Dennis H. Cooke, President of High Point College, accompanied by Mrs. Cooke, is visiting Washington, D. C., Philadelphia and Atlantic City for official business purposes in the interest of High Point College.

Dr. Cooke's schedule includes meetings of the association of American Colleges and also the National Association of Schools and Colleges of the Methodist Church to be held in Atlantic City. Dr. Cooke is putting forth every effort to bring High Point College to the standards required for membership in the Association of American Colleges.

## Drama Class Prepares Saroyan Comedy

The Drama Classes under the Direction of Miss Haber hope to offer an interesting and varied program for the enjoyment of the students during the next semester. They are planning several one act plays, the first of which is to be "My Heart's in the Highlands," by William Saroyan, a delightful comedy, pleasing in all respects; with music, songs, and a variety of interesting characters.

Another project of the Drama Classes is the weekly radio program which began last week.

These Bones Will Rise Again—"Ace" Cartwright will be unable to play in the next few games because of a foot injury sustained in the Guilford game. He may be able to join the squad later in the season.

The loss of Gray "Ace" Cartwright will lessen the Panther's chances for North State Conference honors. Gray suffered a foot injury in the Guilford game which will probably keep him out of play for the remainder of the season. At first reports it was thought that Cartwright had sustained a severe strain, but x-ray treatment has now brought him back to his feet.

Cartwright played 12th school ball at Old Town in Winston-Salem. He made All-State in 41 and All-Forsyth County four years in a row. Gray was Captain on last year's team and scored a total of 24 points. He missed three games last year due to injury. This marks the fourth year of varsity duty for Cartwright on the Panther squad. While in service he played basketball with the Lone Star Troopers, Navy team at Long Island, New York. The accurate passing and dribbling of "Ace" contributed to his being All-Tournament player for the 48-0 season.

## Portrait of Dr. Cooke Gift from Senior Class

PORTRAIT OF DR. COOKE, GIFT FROM SENIOR CLASS

Shown examining the portrait of Dr. Dennis H. Cooke, gift from the Senior Class, are left to right, Dr. C. R. Hinshaw, Dean of Instruction; Ray Shore, Senior; Curt Boyevender, Senior; Dr. Dennis H. Cooke, third President of High Point College; and Charles Payne, President of the Senior Class.

### Student Body Gets Preview Showing of Senior Class Gift

The Senior Class of '51 presented a large oil portrait of Dr. Cooke to the college Wednesday, Jan. 18, at the weekly assembly hour. The class president, Charles Payne stated that the class wished to present the gift now because a large number of the seniors would be leaving before June. Dr. Hinshaw accepted the gift in behalf of the college, saying, "It is altogether fitting and proper that the Senior Class present this portrait of Dr. Cooke, third president of High Point College." Dr. Hinshaw announced that the portrait would be placed in Roberts Hall, along with the portraits of the two former Presidents of High Point College, Dr. Andrews and Dr. Humphreys. The portrait of Dr. Cooke is by Conrad Shaver, Winston-Salem.

Following the presentation of the portrait, Mr. E. H. Paschal, brother of Mr. Arthur Paschal of the college faculty, introduced The Reverend Mr. Foy E. Wallace Jr., of Oklahoma City, Okla., who delivered a brief message on the subject, "Things Which Cannot Be Shaken." Calling attention to the unstable condition of many of our institutions today, he expressed the belief that the hope that anchors is one of the things that will remain when the shaking is over."

### "Center" Serves Refreshments

Students worn and weary from exams found companionship and refreshments in the Student Center last Tuesday and Wednesday. The students to the coffee brewed by Chief Pettit and cookies were served to many grateful students. Mrs. Paschal began this practice last year and has continued it since it found such favor with the students.

In addition to refreshments, during exam week, everyone is invited to visit the Student Center throughout the year and make use of its facilities. There are pingpong tables and bridge tables for games and music for dancing. If you just want to relax and look at a magazine, you will find comfortable couches and magazines for your enjoyment. Mrs. Paschal is your hostess from 1 to 4 each afternoon.

### Enrollment Down Due to Enlistments

The enrollment for second semester will be down to approximately 650 from the first semester figures of about 770. It was learned today. This decrease is due to enlistments in the armed forces, draft calls, and mid-term graduation.

Students who receive their draft notices prior to the completion of a semester's work are urged to contact Dr. C. R. Hinshaw, Dean of Instruction, in an effort to postpone induction until the end of the semester.

Registration will begin Monday, January 29, and continue through Tuesday, January 30. Classes will begin on Wednesday, January 31, at 8:00 a.m.

### New Draft Ruling Favorable to Students

The Defense Department has announced a new draft ruling which makes it possible for the student who is now enrolled in college and doing satisfactory work to choose the branch of service he prefers to enter at the end of the school year, in the event that he is drafted before his school year has been completed. Under the old plan the student who was drafted had no choice but to enter the army. In order to be able to choose this branch of service many students stopped school to volunteer. This interruption of school work is no longer necessary.

### Ramona Rhodes Featured Soloist on "H. P. C. Time"

Miss Ramona Rhodes, soprano, accompanied at the piano by John Raper, presented a program made up of both classical and popular numbers, over W.H.P.E. on High Point College Time, Tuesday, Jan. 17. Her opening number was "Time for Making Song Has Come" (James Rogers). She continued with "O Cessate" (Scarlati), "Clouds" (Ernest Charles), and "Sounds" (Gustav Klemm). Both Miss Rhodes and Mr. Raper are music majors and are much in demand for various musical programs throughout High Point and vicinity.

### Browsing Through the Book Shelves

#### "BENNETT'S WELCOME"

Now that mid term exams are behind us once again, we can relax for a while and learn some history the painless way. Inglis Fletcher has completed the sixth of a series of Carolina novels, in which she tells the story of two hundred years history, from the first settlement, to the ratification of the Constitution.

This newest novel, "Bennett's Welcome," takes its hero, Richard Monington, through the conflict between Oliver Cromwell's armies and those of the Royalists and Charles II of Scotland. The desperate flight of Charles is told with the vividness that is characteristic of Inglis Fletcher's narratives. After Richard Monington had seen his cavalier world crumble, he made a hazardous voyage to Virginia as an indentured servant, and from there to Carolina, into the rich land of Albemarle where the first permanent settlement in North Carolina was made.

This Book is not recommended to replace your studies of European history, but if you want to make your history live, you will find the characters in "Bennett's Welcome" unmistakably alive.

#### "THE HINGE OF FATE"

The fourth volume of Winston Churchill's story of "The Second World War" is now available in the College Library. This book, called "The Hinge of Fate," was so named because of the abrupt turn from disaster to success in the latter part of the war. Beginning with the completion of the Grand Alliance, after the Japanese attack on Pearl Harbor, Mr. Churchill covers the most critical part of the war; and no one is more qualified than he, to give this great story of human courage and triumph.

#### "FABULOUS DESTINATIONS"

This is the time of year when we begin to look longingly at the tempting travel posters in magazines. But since we are detained by the necessity of getting an education, the best substitute for a journey to far places can be found in the exciting pages of "Fabulous Destinations," by John Nicholas Booth. The author, formerly a pastor of a Unitarian church, gave up his work temporarily and set out to see the world on a shoestring. As an amateur correspondent for the Chicago Sun-Times he found himself covering every thing from earth quakes to guerrilla warfare. Can you picture a former minister doing card tricks for the emperor-to-be of Japan, meditating with the wrestling monks of Engakuji, or dancing with the Sultans of Johore? he even

(Continued on Page Four)

### Hi-Po To Celebrate with Dinner Party at Plantation Club

A dinner party at the Plantation Club on Friday evening, February 2, has been planned by the officers and faculty advisors of the HI-PO to celebrate the successful completion of the schedule for the first semester. The HI-PO has been published every two weeks and there have been seven issues for the semester.

Invitations to the HI-PO staff will be delivered this week and members of the staff are invited to bring a date. Dinner will be served at 8 followed by dancing. Miss Steelman and Mr. Withers, faculty advisors, will also act as chaperones for the occasion.

Keys for members have been ordered and it is hoped delivery will be made in time to present them at the party. The key is a symbol of full cooperation, service, and membership in the college newspaper program.

### Hi-Po Staff To Publish Magazine In June

Plans are under way to publish a slick magazine of a literary nature at the end of the school year. The HI-PO staff will solicit material from the students beginning in February and choose a committee to edit and prepare this material for publication. The expense of the publication will be defrayed by

## Portrait of Dr. Cooke Gift from Senior Class

(Continued from page 1)

Portrait of Dr. Cooke, Senior Class Gift, presented to the woman in the foreground.

The portrait of Dr. Cooke, a gift from the Senior Class, was presented to the woman in the foreground. The portrait is a black and white photograph of a man in a suit, framed in a simple frame. The woman is standing next to him, and they are both looking at the portrait. The background is dark and out of focus, with other people visible in the distance.

The portrait of Dr. Cooke, a gift from the Senior Class, was presented to the woman in the foreground.

## EDITORIAL

With exams behind us and a new semester before us, we should take time out to examine our lives and our future plans. With many of it is the last registration and the last semester at H. P. C. How we have longed for this day . . . and yet . . . The future was brighter three years ago when we first came to H. P. C. We could claim our careers and feel confident that the success or failure of the plan depended in large part upon our personal ambition and ability.

But the picture has changed. How it changed and why it changed, we don't know; but it is changed and with the alteration went our future. In June many will go out into the world to seek employment. The first question a prospective employer will ask is, "What is your draft status?" Time was when the amount of experience you had was the first question. But today they want to know if you're in the reserve or the national guard or a veteran (although that isn't going to help much at the rate they're going in certain quarters).

What happened? Why are our plans and perhaps even our lives out of our personal control? I didn't do it, did you? But somebody did, or maybe it was everybody. So now you've got to make some new plans. Your conversation begins and ends with, "When I get out of the service . . ." What are you going to do when you get out of service? Are you going to do your part to make sure your kid brother or your own children do not have to face this same problem when they finish college?

We have the best government on earth and because you and I believe this we're going to have to put on a uniform and stand in readiness when the men we've entrusted with the running of our government attempt a peaceful settlement across the conference table. All this adds up to just one thing, are you ready to assume your responsibilities to your fellowmen and join in the efforts to keep peace in the world? Have you examined your life lately? Does your plan include the four freedoms for everybody that our forefathers gave their lives for? Are you free of prejudices? Can you see both sides of every situation and think yourself to a logical conclusion? The day is coming when those plans you made years ago will have an opportunity to bear fruit. Be ready for that day and plan for better days for the world. We are all brothers; let's live and work together like brothers. Make your beliefs include "One God Indivisible, with Liberty and Justice for all."

## Tips on Registration from an Old Timer

It is once again time for registration at H. P. C. and now begins the headache of getting required courses and likeable professors. Fortunately we have a sufficient amount of both.

If you are one of those privileged seniors who has completed required work and has time to shop around for enjoyable electives, let me give you some friendly advice. Don't be too anxious when you approach a professor. Look him in the eye and say, "What you teaching that I can't find that's worth taking?" If you have had this particular professor or the previous semester, the best plan is to try and find out what kind of grade you received and then decide. Now smart professors will evade the question about grades (if you didn't do too well) by referring to that poor final exam you turned in. Then he will tell you that he thinks you will enjoy course such-and-such more than you did the one you just completed, and the first thing you know you will have signed on the dotted line.

Now with Freshmen it is a different story. There are just so many classes and they can hold just so many students, so you had better get in line early and prepare to beg for a seat. If you are the type that gets hungry around noon, you had better get the "Choi" to pack you a lunch because you're going to be there a long time. And don't hate those upperclassmen too much who take registration day like it was a tea party and stand around shooting the bull while you're sweating out a line. With a little luck and a lots of registrations you, too, will one day be an upperclassman.

A word of advice to all students, however. To make it easy on yourself and the instructors and bursar, have your schedule worked out in advance of getting in line and have your money ready when you reach the final table. If you have trouble figuring out the schedule ask someone who knows. They will be glad to help you. If there is any doubt about the requirements and you can't find the answer to your problem in the College Bulletin, then see the Registrar and be sure.

## Our Poets Speak

### BYNUM'S APPLES

By Dorene Lewis

Next to Bynum's hunting hounds,

His apples were his pride;  
And he could grow the finest ones

In all the countryside.

Each year in fall the wagons took

The narrow country road

That led to Bynum's cellar door

To leave their precious load.

The cellar door was opened wide;

The floor was dry and clean;

Into the bins the apples poured

With red and yellow sheen.

Old Bynum cautioned now and then,

"Take care, you know they bruise"

British beauties such as these

Are much too good to lose.

We'll keep the Fallow Waters here

Beside the cellar stair,

Away from sudden blasts of cold

And chilling winter air.

All wrapped in paper on the shelves

The choice apples go.

For Christmas and Thanksgiving

And special times, you know

Delicious golden in the bin

Beside the Roman red.

Just smell their fragrant odor; man—

It goes right to your head!"

The apples poured and Bynum watched.

And many things he saw:

"The golden sun of summer days

Preserved through April thaw;

The russet of rich autumn days,

Held captive in his store;

The freshness of the orchard grove—

All these he saw and more:

Long winter evenings of good cheer

Beside a glowing fire,

Where friends and loved ones, old or new,

With minds at peace retire

To share the bounty he bestows.

With open hand and free—

Each wine red apple worth its weight

In hospitality.

## THOUGHTS

By Betty Clarke Dillon

There is a time to live,

And a time to die,

A time to give,

And a time to buy . . .

And a time to smile,

And a time for tears;

A time for reproof,

And a time for cheers . . .

There is a time for parting,

And a time of return;

A time for laughter,

And a time for concern . . .

There is time for the meek,

And a time for the proud;

A time for the lonely,

And time for the crowd . . .

There is time for thinking,

And a time for voice;

A time for voice;

A time of dependence,

And a time for seeing . . .

There is time for hell,

And for heaven above;

A time for hate,

And a time for love . . .

There is time for blindness,

And a time for seeing;

Yet—the world is dying

And time is fleeing . . .

## "IT AIN'T NECESSARILY SO"

Everyone can breathe a sign of relief about now, since most of you have finished your exams. While you're resting from the ordeal, maybe you have time to read some of the latest bits of gossip.

Paul Pryor to the people who took the "big step" around Christmas time. Ovid Kerns became Mrs. Eugene O'Daniels. He is a former H. P. C. student. Patricia Kay McCulloch also received her "MRS."

Studebaker City? Her name is Patti, and she's quite a Panther fan, apparently.

There seem to be a few girls who have formed a club of some kind around here, but no one knows exactly what kind of club it is, because it's called "The Thing," and who can figure out what "The Thing" is? Ken Bost seems to be working on the case, so maybe he can give you further information!

There is a certain boy at High Point College who thinks Peggy Rothrock is really "purty." What do you have to say on the subject, Peggy???

Ernest Forbes must have his eyes on some girl in Woman's Hall, but seems to think it's better to "conceal than reveal."

True or false, Ernest???

Lloyd Brown is still dating Betty Gardner steady. They're together on all "date nights," so maybe this is a new love affair that will go down in ye olde Romance Book for H. P. C.

Bill Briggs, a former H. P. C. student, is now a disc jockey for WMFR. Bill is now on "Skyland Patrol," and he'd like to be swamped with requests from High Pointers.

Rumors are that Conrad West will be back at H. P. C. second semester. We all hope so! Tommy Mixon is also back at High Point. Glad to have you back.

Janie Bartlett and Rodney Gates can be seen together any old time. In fact when someone looks for Rodney, they start at the Girls' dorm. "That do make it nice!"

Something really funny happened to "Little-bit" Mellard, but she had rather not discuss the matter. It was a pretty good joke on us, wasn't it "Little-bit"??

Bruce Hamilton has joined the fold, and spends "bu-cu's" of time at Girl's dorm with Betty Belcher. It seems to be a race nowadays in the club rooms, between Bruce, Eddie Susta, Buddy Conner, Burley, and—yep—Bob "Sparkle" Davidson!

There is a certain girl who has a big crush on either "Red" Stinback, or "Ace" Cartwright. Just can't figure out whether it's Cartwright's personality, or Stinback's "slay the women good look."

Tony Lishe hasn't become infatuated with any girl yet. What do you girls think of that? Tony's about the only boy on the basketball team that just "leaves the women alone." Duncan Redditt has turned his affection around "Tommy" at W. C. and Sammy Cole is REALLY snowed!!!!

Well everybody, when you read this, exams will be over, but while I'm writing this, they've just begun, so better, sign off till next time with congratulations to all the January graduates and . . . "Bye Shug."

College Canteen  
College of Charleston  
Charleston, South Carolina

In Charleston, South Carolina, a favorite gathering spot of students at the College of Charleston, is the College Canteen because it is a cheerful place—full of friendly collegiate atmosphere. And when the gang gathers around, ice-cold Coca-Cola gets the call. For here, as in college haunts everywhere—Coke belongs.

Ask for it either way . . . both trade-marks mean the same thing.

# High-Flying Panthers Grounded by Elon, Lenoir Rhyne

"Goose" Waiz points out to "Ace" Cartwright just a few disadvantages of being out of the Panther basketball lineup. "Ace" is sorely missed; "Goose" has returned to action with the team.

## Sports World Faces Uncertain Future

This could be the last great season in the world of sports for years to come. In recent week, the world situation has caused a stir among the sports circles in our country. There is great speculation as to the effect the present world situation will have on the caliber of sports to be had in our country in the future years. At the end of this school year, the draft will take its toll in man power from colleges and professional organizations.

In a recent speech by Chairman Carl Vinson of the House Armed Services Committee sharp criticism was aimed at the 4-F athletes in professional sports who were not physically able to

aid the army, yet they could earn \$10,000 a year doing all the hard work of an athlete. In view of the fact that the draft will strike college sports a knockout blow, and increased Congressional pressure is putting an anchor on professional sports, the future is anything but bright.

During the past war the man power situation at most of our colleges was at a low ebb in history. Now after some five years after World War II, the caliber of college athletics has reached a high peak. It is hard to tell just how hard the present situation will hit the sports world.

Here at home, we have already seen the beginning of what may be the knockout blow. Probably one of the reasons High Point College discontinued football was because the draft would prevent us from having enough men to field a team. Already the threat of draft has hit the Panther cage squad.

The cloud of war hangs over the future of sports. We can only wait and see what happens.

"I'm only a little pebble in your life."  
"Why not be a little bolder?"

"For the girl who knows clothes"

## Purple Panther Cage Team Loses Conference Lead to Lenoir Rhyne

The Purple Panthers of High Point College dropped from first place in the North State Conference race, to a three way tie for the number two spot. This rating was released after the H. P. C., Lenoir Rhyne game. There was little activity in the conference this past week, yet the few games that did take place will affect the team standings.

Ben Kendall, sophomore Elon guard, dropped in a field goal with 10 seconds left in an overtime period to give the Christians a thrilling 68-66 Conference victory over the Panthers.

Kendall tie the game for Elon with a long one-handed push shot with a minute and 15 seconds left in regulation time to force the game into an overtime.

Sueta and Draper raked up 16 points each for High Point while Kendall and Gaither had 14 points each for Elon.

This was the first Conference blemish to appear on the Panther record this year. It was the Elon Christians that grounded the high-flying boys from High Point last year 74-60.

Before the Purple Panthers could pull themselves together after the loss to Elon, Lenoir Rhyne caged the Panthers with a stunning 58-56 victory.

This was the first time in many a day that a High Point cage team has lost two Conference games in a row.

Jim Lyerly and Willard Neighbors were the heroes as Lenoir Rhyne made a successful uphill battle pay off with a Conference victory that put them in the number one spot in the North State race.

It was a tough game for High Point to lose after leading most of the way. Ed Sueta was the game's high man with 22 points. Bill Waiz raked up 19 points.

## WHAT'S NEW IN SPORTS?

BY JIM HARDIE

A brief telephone conversation with Conrad West, former member of the Panther cage squad, revealed nothing as to his plans for the future. Shortly after Christmas, West quit school to join the Air Force, but technical difficulties prevented him from joining. From the tone of Conrad's conversation, I assume that if he is going to return to school, he will do so in time to start the second semester. Up until the time West quit the Panthers, he played the role of a substitute. His return would surely mean a great deal to the Panther squad.

Tuesday night, North Carolina State College defeated the Virginia Tech Gobblers 114-66 to set a new high record in total points scored in a single game by a N. C. State team. State's previous high basket-making spree came in 1948 when the Wolfpack battered the High Point Panthers, 110-50. Sammy Ranzino, State's great forward, set a new Southern Conference record for individual point-producing. He dumped in 47 markers. The total point bag broke the 45 figure North Carolina's George Glamaack stacked up against Clemson in 1941.

Russell Jones, former end on the Panther football squad, joined the Navy recently. Jones is taking his boot training at Great Lakes, Mich.

At a recent banquet in Greensboro, in honor of outstanding athletes in the state, Coach Smith commented that he was probably the only coach present that wasn't scouting football material. Coach Smith added that he was interested in basketball prospects.

In 15 games, the Panthers have racked up a total of 1092 points against 101 for opponents. This gives the High Pointers an average of 72 points per game to 67 for their opponents. The highest score racked up by the Panthers thus far is 101 points scored against Western Carolina Teachers College. The lowest score for the Panthers so far was against Murray, Kentucky. The High Point team was held to 39 points. The highest score racked up against the Panthers was in the Midwest Tournament. Muskingum College of New Concord, Ohio, racked up 92 points against High Point. Erskin scored the least points against the Panthers. The boys from Erskin were held to 39 points.

This week has seen very little action in the North State Conference. Most schools in the Conference were taking exams this week and stayed off the courts.

The Panthers have eight games remaining on this season's schedule. They have played 15 games thus far. At the end of regular season play, the three day Conference Tournament will be held in Statesville. The position of the Panthers in Conference standings will determine if they take part in the tournament. The tournament will start Feb. 22 and will run through the 24. Five of the eight remaining games will be played here at High Point.

 February 6 — High Point College vs. A. C. C. at Wilson  
 February 8 — High Point College vs. Elon (here)

## Fashions On Parade

By LIB GILBERT

A new idea for chilly outdoors is this handple combination of a Lumite woven fabric case which includes an all wool, plaid-fringed blanket to keep you warm.

There is an abundance of silk in all of its wonderful varieties textures, prints and colors. Silk is one of the leading and most popular fabrics this year.

For every item in your wardrobe there is a silk — from fine shirtings for blouses to linen-like shantings for spring-into-summer suits.

The wise shopper will take a special note, first of the shirtings that are striped — broad or narrow — to be used for blouses, sportswear, and casual dresses. Secondly, of special interest and used dramatically in delicately etched florals and geometries will be hand-stenciled prints on shantings for dresses and blouses. Last, but not least, sheer organdies in a neat pin check for blouses, soft day or evening dresses will catch your eye.

As you walk in the '51 fashion parade — parade in silks.

## Society Highlights

By LIB GILBERT

The High Point College Hour featured a talk on Home Economics Tuesday afternoon from 2:30 to 2:45 over station WHPE. "Hot Discuits Baked at the Table" was the topic under discussion.

"Etiquette for Weddings" and "Cooking to Save Vitamins" were discussed when Mrs. Ovid Kearns O'Daniel, a recent bride and home economics major at High Point College, discussed with Miss Ada Johnson, head of the department, the problems of a new bride and how she found her training in home economics had helped her home to be a happy one.

"Are you the barber who cut my hair the last time?"  
 "I don't think so. I've only been here six months."

Wanted—A salesgirl; must be respectable till after Christmas.

 Feb. 17—Lenoir Rhyne at H. P.  
 Feb. 22-24—Conference Tournament at Statesville

## BROWSING THROUGH . . .

(Continued from Page One)

killed a sacred cow in India! The high spot of his journey was reached when he had led a small expedition through lofty Himalayan passes to the central plateau of Tibet, where he photographed the holy peak, Chomo Lhari, thereby realizing a life-long ambition. "Fabulous Destininations" is a book for all who feel the lure of distant places. It is now in the College Library for your enjoyment.

On a windy day in downtown Chicago recently, I saw a woman holding her hat with both hands while her skirt blew higher and higher about her knees. In response to the frankly curious glances of 2 men lounging at a corner, she just as frankly commented, without loosening the double grip on her hat.

"Gentlemen, what you are looking at is 40 years old. What I am holding onto is brand-new"—True.

## HI-PO TO PUBLISH . . .

(Continued from Page One)

the HI-PO.  
 Short stories, poems, and articles of a suitable nature will be accepted. Much of the material will be chosen from the students' work in the class in Creative Writing. The English Department has pledged its support to this venture and any contributions by students will be welcomed.

The editing of a literary magazine at H.P.C. has been desired for many years, but funds were not available heretofore. Let's cooperate to make this magazine a credit to H.P.C. All manuscripts will be returned at the author's request.

No woman would ever have the temerity to commit murder if the penalty were hanging by the heels instead of by the neck.

Yessir, a sweater is a good investment for a girl. She gets out of it what she puts in it and draws considerable interest, too.

## News From The Alumni

by LIB GILBERT

Rev. Robert L. Kirshgesner, 7140 Locust in St. Anne's Episcopal, 1008 E. 39, Jacksonville, N. Y., has been awarded the all-time best service award as the outstanding young man in community life in 1948. At the 50th anniversary of the Key Club, 1948-49, he was the only man who has made his mark in the Jacksonville area of the Key Club of 1900. Mr. Kirshgesner did graduate study at Duke University and has been in Jacksonville for the past two years. He is a member of the Kiwanis Club and is a member of the Jacksonville Community Association.

Miss Marie C. Underhill, 1000 E. 39, Jacksonville, N. Y., is a member of the Jacksonville Community Association.

January 19, Mr. Patch is a construction engineer in Clayton, N. Y., and was at one time mayor of that town. On his return from Florida he plans to stay in High Point for two or three days in order to renew contacts with former professors and classmates.

It is with regret that we report that Rev. P. A. Sherrill, who suffered a fatal heart attack on January 20, Rev. Sherrill was pastor of the Methodist church at Peachland. Dr. and Mrs. Cooke attended the funeral services at Stanley Methodist Church.

Roscoe Billings (19) recently accepted a position with the public schools of Mayodan, N. C.
